

ATC_x DIGITAL TWIN

October 23, 2025 / Global Virtual Event

DISCOVER DIGITAL TWINS: FROM IDEA TO REALITY

Join us to discover how simulation, AI, and high-performance computing are converging to redefine product design and development.

Learn how to break down data silos, improve collaboration, and unlock real business value with cutting-edge digital twin strategies. This global event will launch in two time zones and offer live audio translations in eight languages.

Don't miss this opportunity to connect with industry leaders!
